What They Were Waiting For.

The owner of one of those small automobiles went into a store one day, leaving the car standing at the curb. When he came out, two men were perched on the seat reading newspapers.

"Do you gentlemen mind telling me what you are doing up there?" he asked.

One of them looked over the top of his paper. "Waiting for a shine," he said.

Plain white cards with cupids' message written in black ink, when held over the flame of the candle brought out the announcement—Katharina Spiece and Chauncey S. Riddiford, Harlette Spiece and Ray B. Rice. May 12th. Throughout the four-course dinner a color scheme of pink and white was used. SKIN AFFECTION CAME ON FACE

In Small Bumps, Grew Larger. At Times Could Not Go Anywhere. Itched and Burned. Cuticura Soap and Ointment Healed My Face.

Route No. 2, Box 22, Bogue Chitto, Miss.—"The skin affection came on my face about five years ago. It began in little small bumps and they grew larger and larger until some of them formed eruptions. At times I could not go anywhere. They itched and burned and sometimes caused me to lose my sleep. The pimples festered and I scratched them.

"I tried remedies and they all failed. Seeing the advertisement of Cuticura Soap and Ointment I used them. I would wash my face in warm water and Cuticura Soap night and morning and after washing I applied the Cuticura Ointment and let it stay on for five or ten minutes, then washed it off. It took only one cake of Cuticura Soap and one box of Cuticura Ointment to heal my face." (Signed) Miss Beulah B. Stamps, Sept. 2, 1914.

DREADFUL PAINS

GREAT SUFFERING

Was the Lot of This Lady Who Tells

The Story of How She Recovered Her Health.

Dallas, N. C.—Mrs. Thomas Davis, of this place, says: "About two years ago, when I was eighteen years old, I was in a bad condition from womanly troubles. I felt off until I weighed not more than 85 lbs.

"I suffered dreadful pains in my hips, sides and abdomen, for about 6 days out of every month.

"I couldn't sleep at night, and the pains were so dreadful I couldn't lie down for the blood would seem to rush to my head.

"I felt I must have some relief, for it seemed that the awful suffering would surely kill me.

"I had read of what Cardui had done for others, and thought I would try it. After the use of one bottle, the pains had entirely stopped and I was able to sleep.

"After using four bottles, I was a well woman. I was regular. I got back my flesh, and I now weigh 126 lbs., and am able to do all my work without any trouble.

"I certainly recommend Cardui to suffering women, for I know it cured me.

My friends who saw me when I weighed 85 pounds and would see me now, would know what Cardui had done for me."

SCHOOL OF PENMANSHIP

W. A. L. Hoff

W. A. L. Hoff, a fine penman and an expert teacher of the best ideas and forms in the newest semi-slant writing is preparing to run a school of penmanship in the southwest room of Carnegie Library. Classes to be taught from 4:30 to 5:30 and from 7:30 to 8:30 p. m. For further information see or write the instructor.

MY PLATFORM.

In reference to my candidacy for Commissioner of Public Safety, and in answer to inquiries, I wish to say I do not believe in "regulating" liquor selling, gambling, houses of ill fame, horse stealing, or any other form of law breaking.

I believe in a square deal for everybody. I believe that if it is right for two or three men to run a quiet little place where gambling is carried on and liquor is sold, then it is right for every and any man in town, white or colored, to do the same. I do not believe in stopping the crap game and letting the poker game run.

I do not expect to do anything sensational if elected nor do I expect to make a fad of enforcing any one law and neglecting others. I believe laws and people ought to be treated impartially.

I have been asked if I thought I could stop bootlegging if elected. I answer, No. I do not believe any man can absolutely stop it, any more than he could put an absolute stop to stealing, or stop some men from spitting on the sidewalks.

We can make this one of the cleanest and most home-like towns in the state, we have the facilities for that and we can build up a town where people with means will bring their families and be proud to live. We can make this a town of schools, churches, factories and good comfortable homes.

I have started, have the bug, I want to be elected and if you people see fit to give me the place I expect to serve the city. I will resign three months before the next election, and give you a chance to get rid of me if you care at that time.

This is where I stand and respectfully ask for your vote.

Yours truly,
CHARLES C. ALLING.

The Charge of the "Kitties."

(By London War Correspondent.)

"Our Scottish fighters are giving a good account of themselves every day. It is hard for the solid German ranks to withstand a wild bayonet charge by these bravey muscular giants. Never could I believe that so many men could charge so quickly as the "Kitties." Looking at the charge from a distance, all at once the plain seemed animated. It was no longer level. It appeared to lift up. Some shadows in the distance, in the gray line something like a giving way, and distinctly I could see men falling. But others continued forward. They had a frenzy of melec. No pen picture it."
